

*Parking at School of Life / Shanti Yoga Center for Harmony
4217 and 4209 East-West Highway
301-654-4899*

At 4217 East-West Highway, please park parallel to the road, and choose the space available closest to the house on either side so those coming after you can get in also. Best to back into the space so you can go out forward; and back in as far as possible. Note the spot close to the house on the left is marked handicapped – please avoid parking there.

At 4209 East-West Highway, which is same side of the street across the bridge, enter by the mailbox. Park facing the house (perpendicular to house/road, opposite to what we requested for 4217). It is usually OK to block in the vans or trailer.

** * * * **

If you are coming to a program, priority in our lots goes to families with small children, pregnant women or people who cannot walk easily. If you are not one of these, consider the other options.

A short walk will contribute to your health and peace of mind ☺

** * * * **

For events when the lot may be full, here are other options:

The BCC High School parking lot is available evenings, weekends and whenever school is closed. It is 2 blocks west of the ashram (towards Wisconsin Ave) on East-West Hwy.

Other options after 5:00 pm and weekends:

- The first side street to the east, Edgewale, (towards Connecticut Ave)*
- The first side street to the west, traffic light at Chelton, by the high school*
- Public parking garage with meters – enter from Waverly Street (close to Wisconsin Ave.) About 6 –8 minute walk,*

after 7 and weekends:

Montgomery Avenue (the one way street paralleling East-West Highway coming from Wisconsin Ave.) You can walk across East-West Highway at the light by the high school, turn right and go less than a block more - or - to walk under the highway, there is an entrance to the bike path at the blue mailbox, walk under the bridge and take the first staircase on the right to come up behind the garage of the 4209 address.

Consider the METRO – about 10 minute walk. At top of long escalator, go through the tunnel, up short escalator, through glass doors and walk to the right, cross the street at one of the lights. Our houses are on left side of the street before and after the bridge.
